

## **Minutes for Group Meeting 10**

### **1. Meeting Details**

**Meeting Title:** Feature Completion and System Integration Meeting

**Date:** 04/09/2026

**Time:** 2:00 PM

**Location / Platform:** Microsoft Teams

**Chairperson:** Iqra Nazir

**Minute Taker:** Naseeha Shaik

### **2. Attendees**

**Present:** Iqra Nazir, Maseeha Aziz, Naseeha Shaik, Muhammad Imran Hussain, Sayali Sookdeo

**Apologies:** None

### **3. Agenda Items**

- Review progress following the 31 August meeting
- Review outstanding system features
- Discuss completion of priority functionality
- Review integration of completed features
- Discuss database and backend changes
- Review testing progress
- Discuss documentation updates

### **4. Discussion & Decisions**

#### **Development Progress**

- The team reviewed the progress made since the previous meeting.
- Members provided updates on their allocated features and development tasks.
- The team discussed the remaining functionality that needed to be completed before final system testing.
- Priority was given to completing core functionality before adding additional features.

#### **Feature Completion**

- The team reviewed outstanding features identified during the previous meeting.
- Members discussed the progress of their allocated functionality.
- The group agreed that incomplete features should be completed and tested as soon as possible to allow sufficient time for integration.
- Members were reminded to communicate any issues that could delay another member's work.

#### **System Integration**

- The team discussed merging completed functionality into the development version of the system.
- Completed features were to be tested before being merged.
- The group continued with the agreed process of having **Iqra Nazir and Sayali Sookdeo manage merges**.
- Members were reminded to notify the responsible members when their branches were ready for review.

### **Database and Backend**

- The team reviewed database-related development and changes made to system entities.
- The group discussed ensuring that database changes remained consistent with the current application functionality.
- Members agreed that changes affecting the database should be properly tested and that required migrations should be created where applicable.

### **Testing**

- The team discussed testing completed functionality before the final stages of development.
- Any errors identified during testing were to be communicated to the relevant developer for correction.
- The group agreed that testing should continue alongside development rather than being left until the final submission period.

### **Documentation**

- The team reviewed the current project documentation.
- Members were reminded to ensure that documentation reflected the latest implemented functionality.
- Outstanding documentation and diagrams were identified for completion.

## **5. Action Items**

| <b>Task</b>                            | <b>Responsible Person</b>   | <b>Deadline</b> |
