3. Agenda Items

- Discussing when meeting the client
 - Discussing venue, time, and date for meeting the client
 - Updating the work agreement
 - Discussing requirements and non-functional requirements needed from the client
-

4. Discussion & Decisions

Discussing when meeting the client:

- The group discussed possible dates and times to meet with the client.
- It was agreed that the meeting with the client should take place as soon as possible to ensure that the project requirements are gathered early.
- The group agreed that everyone should be available for the client meeting.

Discussing venue, time, and date for meeting the client:

- The group discussed suitable venues and times for the client meeting.
- Different options for the meeting location were discussed depending on the client's availability and preference.
- The exact time, date, and venue will be confirmed with the client once communication has been finalised.

Updating the work agreement:

- Iqra discussed making updates to the work agreement.
- Certain responsibilities and expectations needed to be revised to better fit the project progress.

- It was agreed that the updated work agreement should be completed and shared with all members.

Discussing requirements and non-functional requirements:

- The group discussed the importance of gathering both functional and non-functional requirements from the client.
- Functional requirements such as system features and user needs will need to be identified during the meeting.
- Non-functional requirements such as security, usability, performance, and reliability also need to be discussed with the client.
- It was agreed that notes will be taken during the client meeting to ensure all requirements are documented properly.
